DREER'S SPECIAL PHLOX OFFER

Dear Sir:

We again wish to call attention to the immense stock (over 300,000 plants) of Hardy Phlox which we will have ready for Autumn delivery.

Among the hardy perennial plants no class is of more importance or is more in public favor to-day than the Hardy Phlox, embracing as they do a wider range of attractive colors than can be found in any other hardy plant, while their gorgeous masses of color are unrivalled by any other Summer flower.

We have eliminated from our collection all inferior sorts and varieties of dull color, and are offering only such as are distinct and effective. Many of the sorts which heretofore have been scarce and high priced are now offered at popular prices.

All of the plants which we offer are "STRONG ONE-YEAR-OLD FIELD GROWN," and delivery of same can be made at any time after October 1st.

Hoping to be favored with your early orders,
we are,

Yours respectfully,

HENRY A. DREER, Inc.
